**This House believes that
Britain should leave
the European Union**

Research task: What does "Sovereignty" mean and how is it important in this debate?

Fact: The UK does not have the Euro as a currency while most other EU states do.

Research task: What organisations and individuals have come out in favour or against leaving? Why should we listen to them in particular?

Being a member of the European Union means that British people can live and work anywhere in the EU and also that any EU citizen can live and work here.

Research task: Where do most Brits live in the EU? How many EU citizens live in the UK? Where are they from and what jobs do they tend to do? Why should we listen to them in particular?

Fact: Over 50% of what we sell abroad is sold within the EU.

- Many people think that it is unfair that immigrants from the EU can claim benefits in the UK. What do you think?
- Is the EU democratic enough? Do you know who your MEP is and what they do? Who else makes decisions in the EU?
- Do we have more of a voice on the World stage as part of the EU or on our own?
- The economics of the decision are complicated and involve some guesses, but more experts seem to think we'd be a richer country if we stay in. How important is this to you?
- Lots of people have strong feelings on this topic. Talk to your friends, family and teachers and see what they think and why.

Fact: Being a member of the EU club means we have to follow their rules.
